PROJECT PORTFOLIO

DAYPLANNER

DayPlanner is your go-to daily task manager, designed to help you organize, prioritize, and complete your tasks efficiently.

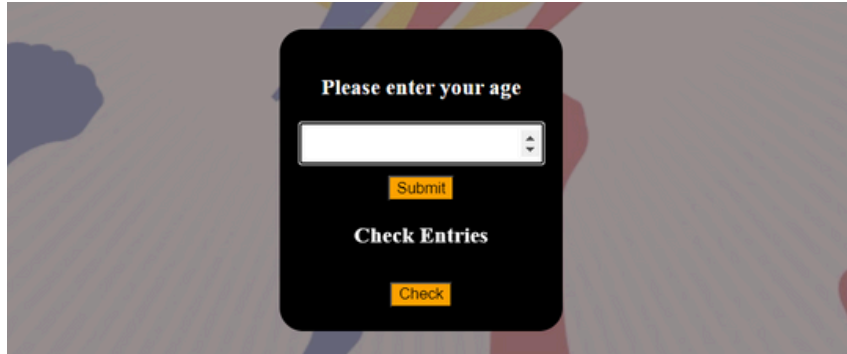

AUTO SOLUTIONS

Planned to offer a wide selection of Toyota sports cars and car parts tailored to your needs, I am dedicated to supplying high-quality, durable, and reliable products with the aim of meeting and exceeding your expectations.

HOOP

is a designed platform for basketball enthusiasts to submit player information categorized by age groups.

THE COFFEE SHOP

Discover the convenience of our coffee shop online order system, where you can easily browse our menu, customize your beverages, and enjoy your favorite coffee delivered right to your door.

GET WEATHER

Developed a weather forecast application using an API. The application fetches real-time weather data from a reliable source and presents it in a user-friendly interface. Key features include current weather conditions, multi-day forecasts, and location-based weather updates.
